GOING PLACES

INTRODUCTION

1968—a great year to be alive and on the go. As each of you think back on this year, no doubt you will remember the places you've gone and the special things you've done.

Our age—one of action and movement—alive!

It is with this in mind that the theme has been chosen to fit our generation: GOING PLACES. Your aim, your goals, everything you do calls for action and speed, for what was once thoughtfulness and wisdom is now delay and laziness.

But stop a moment, if you can; have you chosen your destiny?

GOING PLACES

Yes, students, you are on your way. You will, undoubtedly, be going further than any former group of students from San Diego Academy. There are great opportunities before you. There are also many pitfalls along the way. Make sure of where you are going, and keep your eyes fixed steadily on the goal.

It has been said that a great teacher is measured by the number of his students that surpass him. Your teachers expect you to accomplish more in your lifetime than we have been able to accomplish. How far you are able to go depends largely on how soon you start. The academy provides you with many advantages—make sure that you are making use of them. There is much wisdom in the Japanese proverb, “When you are thirsty, it is too late to think about digging a well.”

Dear students, your opportune moment is now! Use it wisely. Remember again the words of the wisest man who ever lived, “With all your getting, get understanding.”

Hurry him, worry him, make him a man.
Off with his baby clothes, get him in pants,
Feed him on brain foods and make him advance.

Hustle him, soon as he's able to walk,
Into a grammar school; cram him with talk.
Fill his poor head full of figures and facts,
Keep on a-jamming them in till it cracks.

Keep him a-hustling
Until he wins—

A M A N

Once boys grew up at a rational rate,
Now we develop a man while you wait,
Rush him through college, compel him to grab
Of every known subject a dip and a dab.

Get him in business and after the cash,
All by the time he can grow a mustache.
Let him forget he was ever a boy,
Make gold his god and its jingle his joy.

and clear out of breath,
nervous prostration and death.

ACKNOWLEDGEMENTS

This has been quite a year for all of us. As each of you look through your Lighthouse, you see the work of an entire year, starting even before school begins. This has been quite a learning experience for me and for all the staff, I am sure. We have had many dreams and plans, most of which, I am happy to say, are before you now. There are many people who deserve a special thanks for all their hard work in making this 1968 Lighthouse something to be proud of.

First of all, I would like to express my gratitude to my sponsor, Mr. Robert Evans, for his invaluable help and for the fabulous art work you see.

Next I would like to thank my assistant, Diane Ackley, for all of her help, and for the continuous use of her car. Diane was also our business manager and handled our ads. I couldn't have done it without her.

There is one job that is really tough, and that is trying to lay out the pictures so they are unique and imaginative. A big thanks goes to Judy Wilson for her work in this area.

We have had several photographers this year, and they have all done a really great job. David Killeen, Don Livesay, and Lowell Booth all deserve a big thank you.

We have had many ad solicitors this year. Thank you Nancy, Judy, David, Diane, Bill, Rick, Don, etc., etc. Seriously, I do appreciate your help. Without our ads we couldn't have an annual, and it takes a lot of time and talk.

I would like to thank my family for their encouragement and help in times of deepest despair and frustration.

Finally, I would like to thank Mr. Nelson, and the faculty for all their help and understanding this year.

Thank you to all the people who have given their time and effort to make the 1968 Lighthouse a success.

Sincerely,

The Editor

SPONSORS

This year we have been very fortunate to have many sponsors for the 1968 Lighthouse. We can't begin to thank all of you, but know that we couldn't have made all of our plans work out without your help. We sincerely thank you and hope that as you look through this yearbook it pleases you to know that you had a part in its planning.
